

Air Pneumatic Mixer

These air pneumatic mixers are designed to be used in explosion-proof requirements environment, such as oil-based paints or some special solvents. They use compressed air ($5\text{kg/cm}^2/70\text{psi}$) as power, and can be moved anywhere to finish mixing.

- ◆ Explosion-Proof (no electric and spark)
- ◆ Motor will not be hot when the machine working
- ◆ Motor can rotate clockwise or counter-clockwise
